

MGMT 345 Section 1 Assignment #1

Lab 2 from the O'Leary Excel 2002 book.

On Your Own #4, Win/Loss Data (page EX2.69)

Due 11 September 2003

You must e-mail the solutions to me at ajaken@cba.siu.edu prior to the beginning of the lab on 11 Sep.

Lab 2, On Your Own #4: Kevin Tillman has started a new job with Baseball Statistics, Inc. He would like some help creating a worksheet that contains team win/loss records for the last five years. He asks you to search the Web for records. Choose a Major League Baseball team of your choice and locate the win/loss record for the last five years. Enter the data into a worksheet. Enhance the worksheet using the features you have learned (e.g. color, bolding, headings, etc.). Create an embedded chart that displays the information over the five years. Include a header or footer that displays your name and the current date in the worksheet. Save the workbook as Statistics.xls and e-mail the completed spreadsheet to me at ajaken@cba.siu.edu.

You must e-mail the solutions to me at ajaken@cba.siu.edu prior to the beginning of the lab on 11 Sep.

Lab 2, On Your Own #4: Kevin Tillman has started a new job with Baseball Statistics, Inc. He would like some help creating a worksheet that contains team win/loss records for the last five years. He asks you to search the Web for records. Choose a Major League Baseball team of your choice and locate the win/loss record for the last five years. Enter the data into a worksheet. Enhance the worksheet using the features you have learned (e.g. color, bolding, headings, etc.). Create an embedded chart that displays the information over the five years. Include a header or footer that displays your name and the current date in the worksheet. Save the workbook as Statistics.xls and e-mail the completed spreadsheet to me at ajaken@cba.siu.edu.

MGMT 345 Section 1 Assignment #1

Lab 2 from the O'Leary Excel 2002 book.

On Your Own #4, Win/Loss Data (page EX2.69)

Due 11 September 2003

You must e-mail the solutions to me at ajaken@cba.siu.edu prior to the beginning of the lab on 11 Sep.
